

YRC Worldwide

Management Biography

Darrel Harris

Executive Vice President, Strategic Initiatives
YRC Worldwide

As Executive Vice President of Strategic Initiatives for YRC Worldwide, Darrel Harris will focus on the Company's enterprise transformation strategy, collaborating across all areas of the business – from sales and operations to human resources and network optimization. With the largest, most comprehensive network in North America and local, regional, national and international capabilities, YRCW handles 20 million shipments annually.

Harris's expertise and leadership will be instrumental in growing YRCW's super regional network across North America, developing customer service enhancements and expanding teams to include best-in-class LTL freight professionals across the Holland, New Penn, Reddaway, YRC Freight and HENRY Logistics brands.

Harris has more than 25 years of extensive LTL industry experience. For the past four years, he most recently served as Chief Executive Officer of Xpress Global Systems. Harris began his career as a dock worker for a prominent LTL carrier, where he then spent nearly two decades holding various leadership roles of ever-increasing responsibilities in both operations and sales.
