

YRC Worldwide Inc.

Management Biography

Jason T. Ringgenberg

Chief Information Officer
YRC Worldwide

As Chief Information Officer of YRC Worldwide (YRCW), Jason Ringgenberg leads the direction of YRCW's technology including its portfolio of industry-leading less-than-truckload (LTL) companies: Holland, New Penn, Reddaway and YRC Freight, as well as the logistics company HENRY Logistics.

Ringgenberg has responsibility for managing and directing the integrity, security and functionality of all IT systems, processes and support functions for one of the largest, most comprehensive networks in North America.

Before being named CIO at YRCW, Ringgenberg was a senior vice president at YRC Freight where he was instrumental in leading the company's technology transformation.

Prior to joining YRC Freight in 2014, Ringgenberg was with Accenture for over 20 years, serving most recently as a managing director in the North American Freight and Logistics practice. He has deep experience supporting global freight and logistics client efforts on IT and business processes.

Ringgenberg holds a BBA in Transportation & Logistics from Iowa State University and an MBA from The University of Oklahoma.
