

YRC Worldwide Inc.

Management Biography

Scott D. Ware

President
Holland

Scott Ware leads Holland, a YRC Worldwide subsidiary highly recognized for delivering the most next-day service lanes in its territory and annually recording one of the lowest claim ratios in the industry. Holland provides industry leading, on-time reliability for less-than-truckload (LTL) shipments in the central and southeastern United States and in eastern Canada. He was named to the position in May 2012.

Ware has more than 27 years of freight transportation experience and proven expertise in service performance. He most recently served as Holland's Vice President of Operations and Linehaul where he was responsible for the management and execution of major operational initiatives focused on performance improvement.

Ware began his transportation career as a part-time dock worker in college and entered the Roadway management training program as an employee of their subsidiary Spartan Express. His experience includes management of field and network operations, including the oversight of all terminal facilities throughout the Holland footprint. Prior to joining Holland, Ware held various positions with Con-Way and Saia, which included operational and sales management at both corporate and field levels.

Ware earned a bachelor of science degree from the University of North Carolina at Charlotte.
