

YRC Worldwide Inc.

Management Biography

Scott D. Ware

President
Holland

Scott Ware leads Holland, a YRC Worldwide subsidiary highly recognized for delivering the most next-day service lanes in its territory and annually recording one of the lowest claim ratios in the industry. Holland provides industry leading, on-time reliability for less-than-truckload (LTL) shipments in the central and southeastern United States and in eastern Canada. He was named to the position in May 2012.

Ware has more than 30 years of freight transportation experience, with proven expertise in line haul network optimization and planning. He most recently served as Holland's Vice President of Operations and Linehaul, where he was responsible for improving performance and managing a network of 53 terminals within the Holland footprint. During this time, he implemented several major operational initiatives focused on performance improvement and service enhancements, while re-engineering the freight flow network.

Ware began his transportation career as a part-time dock worker in college and entered the Roadway management training program as an employee of their subsidiary Spartan Express. He has gained extensive experience in operations, sales and administrative management while holding various senior leadership positions in both corporate and field positions.

Ware earned a bachelor of science degree from the University of North Carolina at Charlotte.
